Anikó Bíró Ph.D.

Postdoctoral Research Fellow

Irén Kopcsóné Németh, M.D.

Ph.D. student

Ágnes Kovács, M.D.

Ph.D. student

Mahshid Moradi

Ph.D. student

Zrubka Zsombor, M.D.

Ph.D. student

Zsuzsanna Beretzky

Ph.D. student

Honorary University Professors

Prof. Dr. Niek Klazinga – Professor of Social Medicine, University of Amsterdam, The Netherlands, Senior policy advisor and lead of the work on Quality of Care, OECD, **Doctor Honoris Causa**

Prof. Dr. Imre Boncz – University of Pécs, Head of the Health Insurance Institute, Hungary

Prof. Dr. August Oesterle – Associate Professor of the Institute for Social Policy at Vienna University of Economics and Business, Austria

Prof. Werner B. F. Brouwer – Professor of Health Economics, Chairman (Vice-Dean) Institute of Health Policy & Management, Erasmus University Rotterdam

Ágnes Mészáros Pharm.D., Ph.D., habil – Associate Professor at the University Pharmacy Department of Pharmacy Administration at the Faculty of Pharmacy Semmelweis University Budapest

Dr. Milena Pavlova PhD – Associate Professor, Department of Health Services Research – Research School CAPHRI, Maastricht University.

Courses

BA (Corvinus University)

Introduction to Health Sciences (Hungarian)

Introduction to Health Economics (Hungarian)

Economics of the Health and Beauty Industries (Hungarian)

MSc (Corvinus University)

Health Policy and Finance (Hungarian and English)

Health Economics (Hungarian and English)

Health Technology Assessment (Hungarian and English)

Quality Improvement and Management in Health Care (Hungarian and English)

Economics of the Health and Beauty Industries (Hungarian and English)

Value based purchasing on the health insurance market (Hungarian and English)

Health Economic Modelling (Hungarian and English)

Economics of Health at Work (Hungarian and English)

Empirical Research Methods (Hungarian and English)

Ph.D. (Corvinus University)

Health Policy (Hungarian)

Health Economics (Hungarian)

Quality Improvement and Management in Health Care and the Social Sector (Hungarian)

Evidence Based Health Care and Health Technology Assessment (Hungarian)

Ph.D. (Semmelweis University)

Health Economics (Hungarian)

Evidence based medicine and health technology assessment (Hungarian)

Specialized Master Program in Health Economics and Health Insurance

Aims: The primary objective of the program is to connect those stakeholders of the health insurance markets with different expertise and backgrounds, who are interested in the provision or financing of quality care and the value-based purchasing of health care services on both national and international level (e.g. employees of health care providers, public and private health care institutions, insurance companies, pharmaceutical companies, the employees of the National Health Insurance Fund Administration). During the program, the attendants have the possibility to develop professional networks, discuss ideas with the invited lecturers from in-and outside the university. The program provides the attendants with up-to date knowledge, better understand and overview of the current challenges of the health care systems and health insurance market.

Courses: Health Policy and Financing, Health and pharmaco-economics; Value-based purchasing and healthcare marketing, Private and Social Health Insurance, Evidence-based health care, and health technology assessment, Measuring Quality of Life and Health Gains, the Value of Health, Quality Improvement and Excellence Models in Health Care; Decision supporting modeling and statistics; Public health, prevention, screening and the Economics of Health at Work; economics of the Health Industry, Insurance Law, contracting; Project planning, investments and corporate finance.

Details:

Language: Hungarian

Requirements: Msc or Bsc diploma

Duration: 2 semesters

Fee: 350 000 HUF/person/semester

Social and economic burden and health-related quality of life in patients with rare diseases in Europe

BURQOL-RD <http://www.burqol-rd.com/>, 2010 – 2013

Research

Main research focuses

Cost-of-illness and health-related quality of life studies:

- Rheumatology: rheumatoid arthritis (RA), psoriatic arthritis (PsA), osteoporosis, systemic sclerosis (SSc)
- Brain and mental disorders: dementia, multiple sclerosis (MS), epilepsy, Parkinson's disease, attention deficit and hyperactivity disorder (ADHD), schizophrenia
- Dermatology: psoriasis, pemphigus, alopecia
- Gastroenterology: inflammatory bowel diseases (Crohn's disease and ulcerative colitis)
- Oncology: bladder cancer, prostate cancer
- Urology: urinary incontinence, benign prostate hyperplasia
- Pain: migraine, dysmenorrhea
- Rare diseases

Pharmacoeconomics

Quality improvement, infection control

Health Technology Assessment - in various fields (40 full HTAs completed and 25 published) <http://hecon.uni-corvinus.hu/corvinus.php?lng=en&id=4&subpage=1>

Patient payment policy

Ph.D. topics, research topics

Disease burden and cost of illness studies in various acute and chronic diseases
