We would like to express our great honour and pleasure to inform you that the Senate of our University awarded Prof. Milena Pavlova, Associate Professor, Maastricht University, with the title of HONORARY PROFESSOR in appreciation of her academic achievements in the field of health economics and policy and her pioneering work on formal and informal payments for health care services in the Central and Eastern European region.

Prof. Pavlova has been actively working with the Department of Health Economics for the last 10 years in joint international research projects. Also, with Prof. Wim Groot and Prof. Gulácsi, she was the PhD supervisor of Petra Baji.

I also have to mention, that Prof. Pavlova is not the first visiting professor at our Faculty from the Netherlands. The Department of Health Economics has fruitful collaborations with other leading Dutch universities as well. In 2012, Niek Klazinga, professor of Social Medicine at University of Amsterdam became a Doctor Honoris Causa at CUB. In 2013, Werner Brouwer, professor of Health Economics at iBMG Erasmus University of Rotterdam has been awarded to Honorary University Professor at CUB.”
